DETAILED ACTION

I. Rejection of claims 1-4,6-8 under 35 USC 112, 1st paragraph will be maintained in light of amendment filed 10/26/06 for reason on record and reason as follows.

Applicant argues that ample written description is provided for claims 1-4 and 6-8.

Applicant points Examiner to Examples 5 to 8 wherein R4 is H, R6 is methyl and R7 is Formula(2) and Examples 24 and 28 wherein R4 is H, R6 is halogen, and R7 is Formula (2) to support that Applicant's specification has written description for the amendment of R4 being H and one or two of R5, R6, and R8 each ... or a lower alkoxy. In addition Applicant points to Reaction Scheme I and Examples 2, 4,20, and 22 wherein R4 is Me or OMe, R5, R6, and R8 is H, and R7 is Formula (2) to support that Applicant's specification has written description for the amendment of R6 being instant radical (2). Examiner maintains that examples described above do not support the amendment of R4 = H and one or two of R5, R6, and R8 each ... or a lower alkoxy. However, the specification supports one or two of R4, R5, R6, and R8 each represent halogen ... or lower alkoxy. Examiner also maintains that R6 = H is new matter. The specification defines R6 as instant radical (2) and does not define R6 as being hydrogen.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1616

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
